## Chapter 1 by Mason Lee

So my BFF just declared herself emo, and I want to find out what emo really is. A bit about her: Loves to wear black (because of the Dauntless in *Divergent*), favorite color is midnight blue, in terms of fashion likes blue fire and spikes, loves Fall Out Boy, can get depressed but isn't always depressed, would dye her hair black with midnight blue streaks.

So what does it mean to you (the emo) to be emo?

## Chapter 2 by SaintSayaka

I only ask because I'm worried about her. I don't want her to change from the Emily I know and love. But yesterday, she asked me to go to Hot Topic, and I just about died. She won't step foot into a Forever 21. I walked into her room, and there were sheep guts painted on the walls. And she's listening to this weird music on her laptop that, from what I can tell, is entirely composed of people shrieking at the top of their lungs.

Has my friend joined the dark side?

bleeding eyes. I can only wonder what's happened to her. It seems like only yesterday we were whispering about how hot Shawn Mendes is, and now she goes on rants about Paramore and MCR and Fall Out Boy breaking up.

She actually *did* dye her hair, too. It's black, and the streaks aren't midnight blue. They're blood red.

#### Chapter 4 by Mason Lee

Guys, I'm getting really worried now. She's doing these chants. She distances herself from the rest of the world. She's started saying things about Ardat Lili and Baphomet.

I'm getting worried.

Has Emily been drawn into some kind of cult?

#### Chapter 5 by Mason Lee

Is anyone there? I'm really scared. The other day she just kept sharpening her pencil with her scissors, like she always does, but this time, I thought she was going to come after me.

This is not the girl I know, but I can't just leave her. Somebody, help, please!

#### Chapter 6 by Scorpio :)

My parents made the mistake of letting her take care of my gerbil while we were on vacation. She said it "ran away", but I think she sacrificed it.

This is getting even worse, too. I asked her if she still had the golden pumps I let her borrow, and the next day she returned them, only they were covered in blood.

The problem is, who does that blood belong to?
